

Guidelines for writing the Letter of Motivation

Please be as precise as you can when writing your Letter of Motivation. Do not repeat yourself and **do not exceed the word limit of 1000 words**.

You should make sure that you address the following issues in your motivation letter:

- Explain why you think you are a good candidate for the programme given your previous studies/professional experience and the courses offered on the programme in both years.
- You should highlight your participation in conferences, publications of your previous research, internships, summer schools, and any other professional and academic activities.
